

How can I revise?

Strategy 2 – Questioning and elaboration

What does this look like in practice?

Step 1 – Take a specific area of focus. E.g., learning quotes from Macbeth OR [Challenges Elizabeth I faced](#)

Step 2 – Take the idea: Quote from Macbeth- *"Is this a dagger which I see before me, the handle toward my hand?"* OR [Elizabeth faced challenges from internal plots, revolts, Mary Queen of Scots and Spain](#)

Step 3 – Now, you might then move to asking yourself the following questions:

- Why does Shakespeare use this imagery here?
- What does this reveal about Macbeth at this part of the play?
- How does this connect with what we know with Macbeth at other stages in the play?
- [Which of these threats was the most significant?](#)
- [Why did Elizabeth face such significant opposition from Spain?](#)
