

July 2018

Dear Parent/Carer

You will have heard lots about the current funding crisis in England's schools.

The funding in Sheffield is of particular concern and so many groups in schools, Sheffield City Council and the wider community have united to battle for fair funding for Sheffield. We feel there is power in a united campaign.

There have been some articles in the local press that you may have seen <https://www.thestar.co.uk/news/university-of-sheffield-backs-the-star-s-campaign-for-better-schools-funding-1-9235878>

I wonder if we might ask for your help and support. The more signatures we get on the petition the better. Please see the link is below. If you feel moved to sign then please do also consider sharing the petition as widely as possible.
