KS3 Attitude to Learning

STUDENT's average attitude to learning is **2.85**. The average for Y8 is **3.22**.

The diagram below shows typical expected progression. However, it is merely a guide. A Y8 student may be working at B1 and a Y7 student at B5 ... there are always outliers.

STUDENT's teachers will be working with them in lesson to develop their Attitude to learning habits which will in turn improve their overall A2L level. You may want to discuss with your child what strategies they are currently working on in lessons and ways you can support this work at home.

Opposite is a summary of what attitude to learning strands STUDENT is currently focusing on in lessons.
