

A warm welcome to Y6...

Film Studies

Head of subject: Mr. Hughes

Our Team

We are a small team of dedicated and enthusiastic teachers with many years' experience teaching Film studies.

Our Curriculum

Key Stage 4 aims

- Create a sense of what Film is as a subject; allow students to explore and understand creatively
- Promote creativity and artistic achievement
- Encourage independent and self-managed projects
- Foster a sense of pride and autonomy in analysis and creativity, to focus on academic and artistic excellence
- Encourage and support a deeper appreciation for film as an art form and a technical achievement

Key Stage 5 aims

- To explore film as an art form and as a technical achievement
- Explore and understand the social and cultural role that film plays in our society
- To understand the power of film making and to encourage powerful artistic expression
- To promote a keen sense of academic rigour and autonomous learning
- Encourage students to expand their personal boundaries both in terms of artistic expression, academic analysis, and cinematic appreciation.
- To support students who wish to continue to study film at degree level and pursue a career in the film industry.

Our Results

Our results have been outstanding and we are currently on an upward trend at both GCSE and a level.

Our Legacy

In Film we seek to foster and develop understanding, and passion for film as a creative medium.

We strive to challenge students to develop analytical and practical skills in an environment where independent learning is at the heart of the curriculum.

Our goal is to enhance audio/visual literacy and give a deeper understanding of the language of film form. We passionately encourage students to use the medium of film to unlock their own creative potential via the learning of key film making techniques.
